Awareness of, advocacy for, and assistance to the Lehigh Valley's military-veteran community

Awareness ★ Advocacy ★ Assistance

Who We Are

We are a 501(c)(3) nonprofit, community-service organization of organizations whose membership is open to any public or private organization that supports our cause.

We support local military, veterans, and their families because they have made sacrifices on our behalf, for our country and the freedoms we enjoy.

Our Mission

To improve the lives of our local military service members, veterans and their families by fostering and coordinating support from businesses, organizations, institutions and communities; and by promoting awareness of the military's role in defending America through educational programs and public events.

What We Do

We offer a forum and a focal point for member organizations. We provide information and contacts to help our member organizations assist veterans in meaningful ways:

- We advocate on issues of importance to our local military-veteran community.
- We organize or support programs centered on local military units when deployed, the families of service members, the transition of returning veterans, and the support of veterans requiring additional help.

Our Partners

The Lehigh Valley Military Affairs Council maintains partnerships with local area businesses, governments, veterans and other service organizations, military organizations, schools and colleges, hospitals, other institutions, and with individuals who graciously contribute their time and resources.

Final Words

From the very earliest days of the nation, the Lehigh Valley has answered the call to duty. It has been a cornerstone for its defense. As a result, over 45,000 veterans plus their families now live, work, and enrich the communities in Lehigh and Northampton counties alone. While we have one of the largest populations of veterans for an area of our size, they and their loved ones have had no local, major military support installations upon which to rely when serving or to answer the questions and problems which arise upon and after leaving service. Help us help those serving in the military and the veteran after returning home, whenever and wherever the help is needed most.
